

National Child Care Institute

Testimonial I

November 4, 2009

To whom it may concern;

My name is Marquis Donald and my wife's name is Michelle Donald. We are both teachers within the Charlotte Mecklenburg school system. Our son Brandon has been enrolled in National Child Care Institute's Toddler Academy program since September 2009. I am writing this letter to express our gratitude and approval of NCCI's Toddler curriculum.

Brandon is 4 years of age and since September has successfully completed site recognition of his alphabets A-Z, numbers 1-100, colors and shapes which is unique and unheard of in any early childhood development program, especially in such a short time. Our son is now reading and I am excited about their writing lab and math lab program for pre k students. I can honestly say that since Brandon has been enrolled in Toddler Academy he has matured in ways that we did not expect.

Lastly, we receive a weekly report that covers the academic activities and behavior on a day to day basis, which shows accountability to our son's academic development and NCCI's commitment to excellence, we have never seen or heard of any other preschool or day care providing such daily and weekly documentation. Therefore, NCCI has our endorsement as a progressive academic curriculum for children of all ages and we are proud to have our son in NCCI's program.

Sincerely,

Marquis Donald

Subject: Hello

Hi Arieyah,

I hope things are going well for you and NCCI. The kids and I are doing well.

Just wanted to let you know Jayden's teachers wanted to know which child care facility he came from. They gave you guys excellent compliments. They even wrote down the name of your facility...wanting to know what teaching techniques are used...wow. Really amazed in how much he knows and even his vocabulary.

He is well above average for K5 so, they are trying to get him into some 1st grade classes.

When Jay is acting out, I always tell him that I am going to call you and Haziyah...he replies with a "NO....I'm going to be good....lol"

Thank you for everything and keep up the good work!

Best regards,

NCCI Board of Directors

RE: Thank you

I want to thank you for the support and the delivery of services you provided for my son Javon. For two years my son was enrolled in National Child Care Institute Youth Development Center. I wanted to let people of interest know that after my son Javon finished NCCI's youth development curriculum at 5 years of age he acquired the scholastic acumen to do 1st grade work with some exposure to second grade material, which was far beyond his teacher's expectations. My son Javon started when he was three years old and after two years in NCCI's program was far more advanced in academics compared to his peers.

NCCI's curriculum is progressive and affordable and I thank the management of NCCI for providing my son an environment that was focused upon scholastic achievements and social development. I would recommend this program to anyone who seeks an environment for their children to learn academically, secularly and socially.

Thank you,

Anita Gee
